## IMPORTANT NOTICE

Dear KBI member

Following a review of Child Protection protocols we wish to advise you of KBI practice in contacting young people under the age of 18 years.

All contact with this age group should be via group messaging systems which will also have the parents of all the young people also on the system. No contact between an adult coach and young person should be made directly to the young person by the coach without the individual knowledge of the young person's parent or guardian.

If you have a concern in relation to any Child Protection issues that you feel may need to be reported to the "Children's and Families Agency (Tusla)". Please report this via the Portal on the Tusla hub. You can do this by googling Tusla and following the instructions.

Yours Sincerely

---
